## My effort for YOG

白云园小学五(3)班 章子贤

In this summer holiday, I sold newspaper in "Blue Doublet", a charity activity held by Modern Express Newspaper. I'm extremely excited when knowing that my little effort can contribute to the coming 2014 YOG.

In the burning sun during hot midsummer, I excitedly came to the Zhenghong Plaza in Xinjiekou and got 30 copies of newspaper. Then I began to sell them in full swing.

At the moment, a madam, with hurried facial expression, fast steps and eyes on watches, seemed to go to work urgently. I leapt a big step and asked her politely, "Excuse me, madam, could you please buy a newspaper showing a loving heart?" Looking at heavy newspapers on my arm, the aunt bought it without hesitation. I was so happy that I could have a smooth begin-

ning. I was increasingly confident and continued to make more successes. I sold newspapers in the street, speaking loudly "sell newspapers, show your loving heart". After that, I sold two more.

However, good times don't last long. Hearing the selling sounds rising one after another, I realized that there were competitors everywhere: in the plaza, near the entrance of subway and before shops. After a long time, seemingly having a frog in my throat, I found it was harder and harder to sell. What should I do? So I left the plaza and seek another place. Suddenly, I saw a long queue waiting before a skyscraper. What's happening? The fact was that the lift broke down and people working here had to wait. Then a man called me, "Hi, boy! I want a newspaper", I happily handed over it to him, saying "Thank you! Thanks for your loving heart". Hence, men and women in the endless queue, in droves, went to

buy my newspapers. Owing to them, I could sell out all newspapers. I was very much tired, realizing that working is not easy.

Although my arms were tired and sweat was streaming down my back, I still enthusiastically ran to the Press and got more to buy. But the result that it didn't spare one made me more or less disappointed. My mum comforted me that tomorrow we would get more than today. She praised me that I was good enough today. She laughed me: "Look at you! You're sun-tanned." I smiled and said: "OK, mum. Let's go."

During the next 7 days, selling newspapers was tough, but I was quite motivated when I thought children in remote rural areas would feel our loving heart and return to their schools. 2014 YOG will be held in Nanjing in the near future. As a member of the Young Pioneers, I should make an extra effort to my hometown and YOG in Nanjing!

**点评:**通读文章后,一个勤奋又机灵的男孩儿在烈日下卖报的形象跃然纸上。整个事情叙述条理清楚,词汇和句型的使用很丰富,对于一个五年级的孩子来说,难能可贵。当然,在某些单词的斟酌和句式的写法上,还有需要不断提高的地方。比如提到“慈善”,我建议用charity这个易于理解的词,而不要使用philanthropic这样生僻的词。一味地追求华丽的辞藻,反而会影射读者的理解和兴趣。文章中用到“好景不长”这个比喻,使用了good times don't last long这个短语,生动形象。此外,为了使文章更加流畅,作者使用了较多的过渡词(如however, hence, then, although),这一点是目前许多同龄孩子很薄弱的地方。

**点评老师:**严伟,南京新东方学校少儿部英语教师。擅长让学生在轻松活跃的氛围中掌握新知识。辅导学生积极备战各项比赛,有学生荣获第6届泡泡大赛南京赛区2等奖。另一位学生成功晋级央视“希望之星”南京区决赛。

## Love is around me

南京秦淮外国语学校初三(1)班 程绮颖

Love makes my life beautiful. I am a simple girl. Like most people that I can enjoy loves in my simple life. At home, I have the love from my parents. They take good care of me: give me a glass of water when I am doing homework, take me out for a walk when I am worried, tell me what to do when I am at a loss. All above show that my mother and father love me very much!

At school, I have the love from my teachers and classmates. Teachers give me encouragement so that I believe I can do better. Classmates give me happiness so that I will not lose my heart. Their loves make my school life more colourful!

In society, I have the love from strangers. Though I don't know them at all, their helps make me grateful. They tell me how to get to the library when I lose my way. They help me stand when I fall over. They even ask me not to go somewhere because there is danger. Because of those, I can grow favorably.

Therefore, I think I should also share my love with others. I can give a massage to my parents when they come back home from work. I can help my classmates with study when they meet with problems and help teachers deal with students' schoolwork. I can collect the rubbish so that the city can be cleaner.

I always believe love is around everyone. Love is around you, around him and around her.

Love is around me.

**点评:**这篇文章无论在立意、构思、语言表达等方面都有着各种亮点,通过文字,我们可以看出

作为一个孩子,她对爱的美好理解,同时我们也能看出她良好的语言功底,严谨的逻辑思维和丰富的创造力。小作者的思路非常明确,Introduction为第1和2自然段,Body为第3-5自然段,最后三段为Conclusion。文章脉络清晰,这体现了小作者极强的逻辑思维能力。内容上,也是非常成功的。在“爱”这样一个博大精深的主题之下,小作者一切从小处入手,以自己真实的经历感动读者。

## LOVE

南外仙林分校高二(2)班 梁贤君

Among all the worthy feelings of mankind, love is probably the noblest, but everyone has his own understanding of it. What is love? Love is a fabric wove with nature, embroidered with fantasy. Here comes a dream-like melody ---- "Every night in my dreams, I see you I feel you. That is how you go on and on...", portraying the vivid perceptions and

feelings of love. We shall always save a place for ourselves, only for ourselves. And then begin to love. Have no idea of what it is, who he is, how to love or how long it will be. Just wait for one love. Maybe no one will come out, but this kind of waiting is the love itself. Everyone has his own attitudes towards love. For a baby, love is mom's kiss. For a child, love is a sweet lollipop. For an adult, love is tolerance. Whereas, for me, love is a touching poem. See it in the colors of autumn/

a gentle snowfall in winter/a sudden shower in spring/The radiance of a summer day/Behold it in the laughter/of the young and the old/Know of it in a surge of love/The blessings that are bountiful/What is love/It is joy,awareness,And the music within.

The true meaning of love may differ from person to person, vary from place to place, but it should be universally acknowledged when it comes, we should definitely appreciate and cherish it, and accept the ebb and flow, or boom and bust.

**点评:**小作者以疑问句的方式提出全文的主题“爱”,然后以细腻的语言对爱进行诠释;接着提出各个年龄阶段对爱的认知,而后用一首诗歌来解读自己对爱的理解,最后提醒大家要懂得珍惜爱。整篇习作内容环环相扣,入情入理。行文连贯、逻辑性较强、语言流畅自然。

**点评老师:**邵楠,南京新东方优能中学个性化英语高考组长。教学中不拘泥于书本上的语法知识的讲解,善于从另一个角度对语法知识点进行诠释,使繁冗、抽象、枯燥的语法变得简单、精练、鲜活。
