## **Grow with YOG**

竹山中学初二(10)班 陈航

Our hometown—Nanjing, as we know, is considered to be the direct city holding the 2014 YOG.

Right from now, there are 3 years for us to prepare for the coming event, which is new, but valuable. It now has spread around the world, so that it may be a perfect chance for us all. For the athletes, that should be an experience they will never forget. For us, the game itself is about to offer a stage to show and improve.

Over the years, Nanjing, which used to be the capital of six dynasties, is now showing up its special charms to the human beings. The birth of Nanjing South Railway Station, and so on, to some exent, can all prove that: Nanjing has the ability to hold the YOG.

It is known that, China is never short of splendid sportsmen, even in the young. We should all be confident about their behaviors.

Now, we have the suitable place, the energetic athletes, and the only thing left is to raise our own abilities in different sides. Before long, we will be the hosts. Then, how to be the best ones? In my opinion, the following should be done:

- 1. Learning different kinds of subjects well, especially English.
- 2. Trying to be what a good host should be, like treating foreigners with a
- 3. Protecting the city's environment and devoting to the lasting develop-

The YOG is right before us, and with no doubt, we have to take an active part in it. Do something yourself now, and you may find a better future for you and me.

Come on, guys, Grow with YOG'!

## White Queen

雨花外国语小学三(3)班 顾涵禹

This quote comes from the chapter 4. After met the white Queen and ate many Turkish Delight. Edmund believed that he was on the side of White Queen. So he made up lies to Lucy and shed his conversation with the White Queen away as a secret.

This quote is the depiction of mental movement of Edmund. From his thoughts and attitude, it is easy to find out that Edmund is a boy with little wicked and vicious thoughts. He is arrogant and always wants to

show authorities in front of his sister. What' s more, he is easily lured by some sweeties and feels ambiguity about what is right and what is wrong.

As for a children's book, this quote clearly show the innocent of a children. The children easily tempt by some sweeties or toys. In their na?ve mind, the principle to distinguish good and bad is simple: the people offers me candies and toys are good and those who educate and reproach to me are bad. Additionally, children always hold a desire to protect their friends. Through sometimes, they have already realized that there are something wrong or bad in their friends, they still don't want to confess it. This quote vividly reflects the children's thought and their characters, which will raise a huge empathy with them.

指导老师:曹萍

点评:这是一篇读后感,文章大致介绍 了《纳尼尔传奇》第四章中Edmund的心理 活动。对于一个三年级的学生来说,能够运 用如此丰富的词汇条理清晰地进行叙述并 且清楚表达自己的感想实属不易。当然,文 章中也难免存在一些语法错误。比如第一 段中的after可以接3种形式: 名字、动词 ing形式或者句子。因此应改为After Edmund met the white Queen and ate many Turkish Delight, he believed
